Relative Gene Abundance for Biological Replicates Normalized to NC controls (higher bars = higher abundance) EHC EHC-od KS3-10 KS3-100 KS3-KS8 KS8-10 KS8-100 KS8-od NC NC-samp 1.5 Relative Abundance (normalized to NC) Gene nidA phnAc 0.0 **Biological Replicate** 

## Relative Gene Abundance per Combination

Normalized to NC controls – Letters indicate statistical significance (p<0.05)
